CLAY CITY, KY., THURSDAY JUNE 25, 1914.

NO. 26

The Clergymen Aroused.

That Hon. C. M. Thomas, candidate for the Democratic nomination for Congress from the Seventh Congressional District, has enlisted the support of an element that are conducting an active campaign in his behalf throughout the district, is evidenced by the number who have voluntarily come forward since he announced as the opponent of Hon. J. Campbell Cantrill.

Among the number who will espouse the cause of Mr. Thomas and will be untiring in their efforts in the interest of the Bourbon man, from now until the campaign closes is Rev. L. H. Reynolds, of North Middletown, Bourbon county, who is outspoken in his support of the former Senator and who will take off his coat and push his claim with a vigor.

Rev. Reynolds was in Winchester Monday, having accompanied Mr. E. K. Thomas, father of Hon. C. M. Thomas, to this city, and together they were busy during the day seeing the large number of Democratic voters that were among the court day crowd.

Rev. Reynolds is one of the oldest Christian ministers in this section of the State and has been active in the ministry of his church for fifty-five years. He is seventy-eight years of age and has never until this time taken an active part in any political fight, contenting himself with casting his vote for his choice in the Democratic party primary and supporting the nominee in the regular election.

Since the announcement of Senator Thomas, he has declared himself unequivocally in the support of the Bourbon candidate, and states that there is every reason for him to believe that his choice will be successful in the August primary.

"My reason for being for Mr. Thomas and taking the stand in his behalf," said Rev. Reynolds, "is because he is the cleaner man politically, morally and otherwise of the two who are now in the race for the Congressional honors. When he announced himself I departed from my established custom of refraining from activity in political fights, but it gives me great pleasure to get into the contest for a man who I believe is deserving in many respects for the highest honor the Democrats of the Seventh District can confer upon one of their party.

"When I say that Mr. Thomas is the cleaner man of the two running for Congress, I know whereof I speak." For years I have resided in the community where Mr. Thomas has made his home, and being intimately associated with him and his family, I was in a position to determine for myself his merits as a statesman and a gentleman. I have taken off my coat for him now, and in spite of the weight of years, I expect to be able to canvass the district and do much in his behalf."

Rev. Reynolds will leave this week for Stanton, Powell county, where he will push the interest of Senator Thomas and will visit many other cities in the seventh district before the close of the campaign.—Winchester Sun.

New Road Districts.

The new road law provides that at the first term of the county courts after the law takes effect, which was June 17th, the county shall be laid out in road districts and overseers appointed to work the roads who will hold office for two years from the time of their appointment. Each overseer must keep his road in good repair, and if necessary to do so may work hands on the road more than the allotted six days. Every man between the ages of 18 and 50 must work the road six days unless he be a licensed minister or physically unable to perform manual labor. The law differs but little from the old law where the militia system prevails as in Powell county. Counties are not absolutely compelled to employ County Road Engineers, but there are certain duties to perform that must be done by an engineer before turnpikes can be built with State Aid.

The Good People Want Thomas

The Kimbrell correspondent, who is known as a Christian gentleman and an honest and free thinker, writes thusly in the Estill Tribune:

"The writer would be glad to see the Democrats in the coming primary give to J. C. W. Beckham and Claude Thomas a rousing majority so that the large independent vote who favor good citizenship, good morals, and a better Kentucky, can unite to elect them in November."

Democracy on the Increase.

Dr. Martin reports the birth of two Democrats Sunday. One 9-pounder to Tanbee Mountz of this city and one 7½-pounder to Jeff McKinney of Hardwick's Creek.

It is hard to realize that last week it was just as unusually cool for the time of the year as it is now hot, but it was.

Dr. Fred Blair, of Morehead, is spending a few days with the family of A. T. Whitt, his brother-in-law.

Mrs. R. P. Rose is in a very dangerous condition and may not recover.

Acquires Sudden Interest in Farmers.

Representative Cantrill has suddenly become very much interested in the citizens of his district, particularly the Democratic voters. He seems to be writing each one of them personal letters, and asking that they select bulletins from a list he is sending them. This is something new for the voters in this county of recent years, but we believe it is now too late, for from what we can see most of them have already made up their minds.

Extend Thanks.

The Pastor and members of the Methodist church at Clay City desire to express their thanks and appreciation for the elegant and eloquent discourse delivered at the church on last Sunday by the Rev. Mr. Hanley, of the Presbyterian church, of Stanton, to a large congregation, and we feel very grateful to all of the churches of Clay City and Hardwick's Creek church for their attendance and co-operation.

Look It Up.

The Waterless Window Washer Company, of Winchester, has an ad in this issue of the Times. This method of window cleaning is said to be a matter of ease and convenience to all housewives who are fortunate enough to get the preparation. Their proposition is a fair one, and we hope to see many of our lady readers earn the valuable premium they are offering to all who dispose of a sample dozen boxes.

They Are All Coming the Right Way.

The Woodford Sun comes out for Claude Thomas and tells his reasons. While using somewhat different words, the Sun says the same thing the Times said two and three weeks ago.

W. C. Swift, of Morehead, drove over Sunday in his automobile. A. T. Whitt returned home with him where he visited his mother, Mrs. Geo. E. Whitt.

Dr. R. A. Irvin is attending the meeting of the Kentucky Valley Medical Association at Hazard.

Miss Mabel Ewen who has been teaching in London, Ky., for the past two years and who is a graduate from the Eastern Kentucky Normal at Richmond, has just returned from the Normal where she has been attending Com-

mencement and visiting friends. Miss Mabel is fond of outdoor sports; excellent at tennis, basketball, fishing, and possesses no mean ability with a rifle.

There was an act passed by the last Legislature, and which is a law at this time we feel should have special notice through the papers of the state and the attention of the officers of the courts and the grand juries of the State should be called to it and every effort should be made to enforce it to the letter. The development and strength of both mind and body of future generations depend largely upon what the people do with such legislation as this. Officers, enforce this law and do not let the boys of the country destroy themselves with the debasing cigarette.

The act follows:

§1. It shall be unlawful for any person, firm or corporation to sell, or offer or expose for sale, or give away or furnish or cause to be given away or furnished to any person under the age of 18 years any cigarette, or cigarette papers or any other papers prepared to be filled with smoking tobacco for cigarette use.

§2. That it shall be unlawful for any person under the age of 18 years to smoke, or to have about his person or premises, any cigarette or cigarette papers or any other form prepared to be filled with tobacco for cigarette use. Any person so violating the provisions of this section shall be punished by a fine not exceeding five dollars, provided that the Court of Justice trying the case may remit the penalty for violating this section, upon the disclosure by the person of the person, firm or corporation from whom he obtained any such cigarette or cigarette paper.

We hope to have the rest of the act published in the next issue of the paper.

There was act also with reference to pistol toting, look it up boys, before you tote 'em any more.

Mr. Editor, what have you to say about Judge Bristow, of Georgetown for Congress in this the Seventh?

Hope you will urge the necessity of the enforcement of the new cigarette law.

The editor of this paper has always believed that the people should have a right to vote direct on all questions of great importance. Hence we believe now that the people of this Government should have a right to say whether liquor should be sold here or not. Our belief along these lines has evoked the declaration that we are not a Democrat. Let's see.

Our dictionary says a Democrat is "one who adheres to a government by the people, or favors the extension of the right of suffrage to all classes of men."

What we want is the right of suffrage extended to every man in the United States so they can decide by vote whether we will continue to have a drunken or sober nation by doing away with liquor. Cantrill does not believe in the people voting on this proposition. Thomas does. Whom are you for?

The Higdon Coal Company, of Henderson, sued the L. & N. Railroad for damages because that road arbitrarily refused to perform certain shipping services at its fixed rate. The road carried the case to the Supreme Court of the United States, where the coal company was awarded this week \$3,037.00. This shows how mean this railroad is. This road will carry trivial cases to the court of last resort to defeat justice for the sole purpose of running the bluff on the people, and it certainly has the bluff in our many officers of this State and the people too. A poor man cannot law for his just rights, so this road is wringing unjustly thousands of dollars yearly from the defenseless public, and some of the officers whose duty it is to prosecute them refuse to do so from some unexplainable cause, but most people will guess why.

Cantrill says one time he cannot be for the prohibition amendment because the Democratic national platform did not declare for it. At another time he says the prohibition question must be kept from politics. Certainly. That has ever been the motto of his masters, the whiskey ring. Keep the liquor question out of politics and then not vote on the question because it is out of politics certainly seems to protect it from all harm. The people are tired of being fooled and will ever keep the question alive to the great discomfort of Mr. Cantrill and his allied liquor interests.

Talk about hard times and the high cost of living and a remedy is silly. Annihilate the liquor traffic and the work is done.

There is more money spent for liquor, which makes the individual drinker and others dependent upon him for support, worse off than there is spent for food in this Government. Why not cut off the liquor and live better other ways? Claude Thomas believes in three-fourths of the people of this country having a chance to say no more whiskey. Cantrill believes in the people not having a say-so.

We believe in giving every man his dues. Congressmen John Langley and Caleb Powers have never evoked much praise in these columns, but now they have won commendation and we are not too cowardly or prejudiced to say so. Each of them are for the Hobson prohibition amendment. There are four of Kentucky's Congressmen who are against the amendment; J. C.

Cantrill and A. O. Stanley are two of them.

Some politicians who care for nothing but to loot the people whom they serve are far more popular than some honest men who endeavor to give service worth 100 cents to the dollar and never steal a cent.

Cures Stubborn, Itchy Skin Troubles
"I could scratch myself to pieces" is often heard from sufferers of eczema, tetter, itch and similar skin eruptions. Don't scratch—stop the itching at once with Dr. Hobson's Eczema Ointment. Its first application starts healing; the red, rough scaly, itching skin is soothed by the healing and cooling medicines. Mrs. C. A. Einfeldt, Reek Island, Ill., after using Dr. Hobson's Eczema Ointment, writes: "This is the first time in nine years I have been free from the dreadful ailment." Guaranteed. 50c at your druggist.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. Farm Drain Tile

Make Your Wet Land Productive. By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully.
